Q.80 A statement is given followed by two possible conclusions numbered I and II. You have to assume everything in the statement to be true and on the basis of it, decide which of the conclusions logically follow(s).

Statement: "I want to start my own business of exporting cashews and hazelnuts to Turkey and America because I have many friends in these countries with similar business interests, which I think will be helpful." — A told B.

Conclusions:

- I. It's always beneficial to have good contacts in the domains of work.
- II. B is not interested in doing business with A.

- Ans**
- 1. Neither conclusion follows
 - 2. Both the conclusions follow
 - 3. Only conclusion I follows
 - 4. Only conclusion II follows
