Q.1 Select the option in which the given figure is embedded (rotation is NOT allowed).

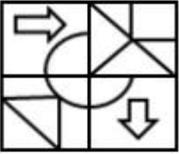

Ans

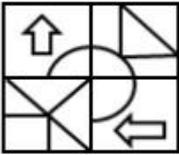

✗ 1.

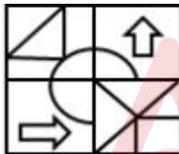

✗ 2.

✗ 3.

✓ 4.

Question ID : 264330126081

Option 1 ID : 264330493996

Option 2 ID : 264330493998

Option 3 ID : 264330493997

Option 4 ID : 264330493999

Status : Answered

Chosen Option : 4

Q.2 Which letter cluster will replace the question mark (?) to complete the given series?

ELSV, FJVR, GHYN, ?, IDEF

- Ans
- 1. HFJB
  - 2. HBJF
  - 3. HFBJ
  - 4. GHFJ

Question ID : 264330145423  
Option 1 ID : 264330569948  
Option 2 ID : 264330569949  
Option 3 ID : 264330569947  
Option 4 ID : 264330569950

Q.5 In a certain code language, 'GAME' is coded as '8426' and 'MUST' is coded as '7853'.  
What is the code for 'M' in the given code language?

- Ans  1. 8  
 2. 2  
 3. 3  
 4. 7

Question ID : 264330169655  
Option 1 ID : 264330665319  
Option 2 ID : 264330665320  
Option 3 ID : 264330665322  
Option 4 ID : 264330665321  
Status : Answered  
Chosen Option : 1

Q.6 Two statements are given, followed by two conclusions numbered I and II. Assuming the statements to be true, even if they seem to be at variance with commonly known facts, decide which of the conclusions logically follow(s) from the statements.

Statements:

All flowers are trees.

All leaves are flowers.

Conclusion:

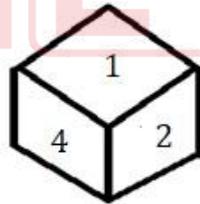

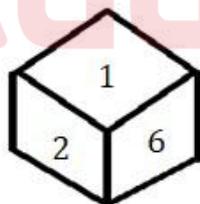

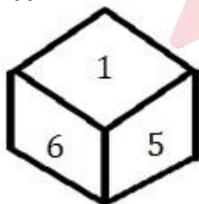

I) All trees are flowers.

II) All leaves are trees.

- Ans  1. Only Conclusion I follows  
 2. Neither Conclusion I nor II follows.  
 3. Only Conclusion II follows.  
 4. Both Conclusions I and II follow.

Q.16 The following data gives a year-wise outlay (in lakhs of rupees) in a certain 4-year plan (2018-2022) of a state.

| Year      | Health | Housing | Transport | Education |
|-----------|--------|---------|-----------|-----------|
| 2018-2019 | 6200   | 6500    | 7100      | 8000      |
| 2019-2020 | 7000   | 6600    | 7200      | 8100      |
| 2020-2021 | 7300   | 6800    | 7400      | 8200      |
| 2021-2022 | 7400   | 7000    | 7500      | 8400      |

What was the percentage increase during 2020-2021 over 2018-2019 in Education outlay?

- Ans
- 1. 2.8%
  - 2. 3.2%
  - 3. 2.0%
  - 4. 2.5%

**Comprehension:**

Read the given passage and answer the question that follows.

We started our research into organisational and personal excellence by studying a slightly different topic. We figured that if we could learn why certain people were more effective than others, then we could learn exactly what they did, clone it and pass it on to others. We asked people to identify who they thought were their most effective colleagues. In fact, over the past twenty-five years, we have asked over twenty thousand people to identify the individuals in their organisations who could really get things done. We wanted to find those who were not just influential but who were far more influential than the rest.

**SubQuestion No : 46**

**Q.46 Which real life situation can be the most appropriate to be inferred from the passage?**

- Ans
- 1. Inflation has direct influence on the morals and ethics of an individual.
  - 2. If we do something wrong to decent people, the same comes to haunt us even after many years.
  - 3. People nowadays do not have patience and want quick success and does not matter what path they choose to obtain their targets.
  - 4. Jassie is an efficient employee whose work ethics can be a case study to learn more about organisational and personal excellence.

**Q.29** Study the given table and answer the question that follows.

The table shows the number of cakes sold by four different bakeries in 4 different months.

| Month \ Bakery | August | September | October | November |
|----------------|--------|-----------|---------|----------|
| P              | 250    | 241       | 213     | 168      |
| Q              | 175    | 189       | 201     | 122      |
| R              | 164    | 145       | 129     | 168      |
| S              | 224    | 154       | 184     | 209      |

What is the difference between the total number of cakes sold by bakeries Q and S together in September and the total number of cakes sold by bakeries P and R together in November?

Ans  1. 7

2. 9

3. 10

4. 8

**Q.44** Select the most appropriate option to fill in blank number 4.

- Ans**  1. perhaps  
 2. although  
 3. maybe  
 4. though

Question ID : 264330164228  
Option 1 ID : 264330644147  
Option 2 ID : 264330644148  
Option 3 ID : 264330644150  
Option 4 ID : 264330644149  
Status : Answered  
Chosen Option : 3

**Comprehension:**

In the following passage, some words have been deleted. Read the passage carefully and select the most appropriate option to fill in each blank.

South Korea is the most cosmetically (1)\_\_\_\_\_ country on Earth. Beauty editors estimate that it is because of the government's heavy investment (2)\_\_\_\_\_ industry. It is ahead of its competitors, and its citizens (3)\_\_\_\_\_ twice as much on skincare products as consumers in the United States, the UK, and France. Korean shoppers are (4)\_\_\_\_\_ the world's most discerning. Eight out of 10 Korean women in their 20s and 30s use an app that (5)\_\_\_\_\_ like a cosmetics-specific, to debate the merits of various common ingredients.

**SubQuestion No : 45**

**Q.45** Select the most appropriate option to fill in blank number 5.

- Ans**  1. dissolves  
 2. stops  
 3. malfunctions  
 4. functions

Chosen Option : 4

### Comprehension:

Read the given passage carefully and answer the questions that follow.

Throughout history, the intricacies of the human mind have been the subject of fascination and inquiry. From ancient philosophers to modern-day neuroscientists, the workings of the brain have been studied and analysed in an attempt to unravel its mysteries. However, despite centuries of research, much remains unknown about the complexities of human cognition and consciousness.

One of the most fascinating aspects of the human mind is its ability to create and imagine. The human mind has the capacity to conceptualise and bring into being ideas that were previously unknown or unimaginable, from artistic expression to scientific discovery. The process of creativity has captured the attention of scholars and laypeople alike and is both enigmatic and awe-inspiring.

There have been many theories proposed to explain the process of creativity. Some suggest that it is a purely subconscious process, while others argue that creativity is a result of conscious effort and intentional problem-solving. Still others suggest that creativity arises from a combination of conscious and subconscious processes.

Despite the ongoing debate over the nature of creativity, one thing is clear: it is a multifaceted and complex phenomenon. Creativity can manifest in a wide range of human activities, from the creation of art and literature to the development of scientific theories and inventions. It can occur in both individual and collective contexts and can be driven by a variety of factors such as curiosity, passion, or the desire for recognition.

Creativity also has the potential to bring about positive change in the world. Throughout history, creative individuals and groups have used their talents to address social, political, and environmental challenges, often inspiring others to take action and make a difference. From the abolitionist movement to the civil rights movement to the environmental movement, creativity has played a crucial role in promoting social justice and positive change.

Despite the many benefits of creativity, it is not without its challenges. The process of creative expression can be fraught with obstacles, from self-doubt and insecurity to external pressures and constraints. Moreover, not all creative ideas are successful or well-received, and many artists and innovators face rejection and criticism as they seek to bring their ideas to fruition.

Despite these challenges, however, the human drive to create and imagine persists.

Individuals and groups continue to harness the power of creativity to make a difference in the world. From the humblest amateur artist to the most celebrated innovator, the human capacity for creativity remains one of our greatest strengths and sources of inspiration.

#### SubQuestion No : 46

**Q.46** Select an appropriate title for the passage.

- Ans
- 1. The Power of Creativity
  - 2. The Complexities of Human Cognition
  - 3. The History of the Human Mind
  - 4. The Role of the Human Mind in Promoting Positive Change

Q.2 Select the set in which the numbers are related in the same way as the numbers of the given sets.

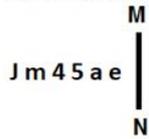

(NOTE : Operations should be performed on the whole numbers, without breaking down the numbers into its constituent digits. E.g. 13 – Operations on 13 such as adding /subtracting /multiplying etc. to 13 can be performed. Breaking down 13 into 1 and 3 and then performing mathematical operations on 1 and 3 is not allowed.)

(6, 8, 106)  
(7, 11, 177)

- Ans
- 1. (8, 7, 119)
  - 2. (9, 8, 154)
  - 3. (5, 9, 101)
  - 4. (7, 9, 136)

**Comprehension:**

Read the given passage and answer the questions that follow.

Climate policy must now put health at the centre and promote climate change mitigation policies that bring health benefits simultaneously. Health-focused climate policy would help bring about a planet that has cleaner air, more abundant and safer freshwater and food, more effective and fairer health and social protection systems and, as a result, healthier people. Investment in clean energy will yield health gains that repay those investments twice over. There are proven interventions able to reduce emissions of short-lived climate pollutants, for instance applying higher standards for vehicle emissions, which have been calculated to save approximately 2.4 million lives per year, through improved air quality and reduce global warming by about 0.5°C by 2050. The cost of renewable sources of energy has decreased significantly in the last few years, and solar energy is now cheaper than coal or gas in most major economies.

**SubQuestion No : 46**

**Q.46** What is the ANTONYM for the word 'intervention', from the passage?

- Ans
- 1. Specific
  - 2. Evidence
  - 3. Non-involvement
  - 4. Data

Health-focused climate policy would help bring about a planet that has cleaner air, more abundant and safer freshwater and food, more effective and fairer health and social protection systems and, as a result, healthier people. Investment in clean energy will yield health gains that repay those investments twice over. There are proven interventions able to reduce emissions of short-lived climate pollutants, for instance applying higher standards for vehicle emissions, which have been calculated to save approximately 2.4 million lives per year, through improved air quality and reduce global warming by about 0.5°C by 2050. The cost of renewable sources of energy has decreased significantly in the last few years, and solar energy is now cheaper than coal or gas in most major economies.

**SubQuestion No : 49**

**Q.49** Which of the following most accurately states the central idea of the passage?

- Ans
- 1. Greenhouse gases
  - 2. Pollution
  - 3. Climate policy for health
  - 4. Fossil fuels

Question ID : 264330136026

Option 1 ID : 264330532924

Option 2 ID : 264330532923

Option 3 ID : 264330532925

Option 4 ID : 264330532926

Status : Answered

Chosen Option : 2

**Comprehension:**

Read the given passage and answer the questions that follow.

Climate policy must now put health at the centre and promote climate change mitigation policies that bring health benefits simultaneously. Health-focused climate policy would help bring about a planet that has cleaner air, more abundant and safer freshwater and food, more effective and fairer health and social protection systems and, as a result, healthier people. Investment in clean energy will yield health gains that repay those investments twice over. There are proven interventions able to reduce emissions of short-lived climate pollutants, for instance applying higher standards for vehicle emissions, which have been calculated to save approximately 2.4 million lives per year, through improved air quality and reduce global warming by about 0.5°C by 2050. The cost of renewable sources of energy has decreased significantly in the last few years, and solar energy is now cheaper than coal or gas in most major economies.

**SubQuestion No : 50**

**Q.50 Which is the best description of the tone of the passage?**

- Ans
- 1. Biased
  - 2. Cynical
  - 3. Technical
  - 4. Humanistic

Question ID : **264330136027**

Option 1 ID : **264330532927**

Option 2 ID : **264330532928**

Option 3 ID : **264330532929**

Option 4 ID : **264330532930**
